CNAM 2021 Conference - Call for Presentations

Presentation

May 10-13, 2021

Online

DEADLINE FOR SUBMISSIONS: Monday, January 18, 2021 at 4:00pm EST

The Canadian Network of Asset Managers (CNAM) is holding its Annual Conference virtually on May 10 to 13, 2021. The past year has been challenging in many regards with the onset of COVID-19 and a world pandemic. Many municipalities across the country, and the world over, are struggling to do more with less in terms of asset management.

Connect with us online as we reflect on the past year and set our sights on refocusing and determining the way forward in lieu of the challenges that face us.

REFOCUS: The Road Ahead

The Conference will focus on the below virtual streams:

- 1. AM 101**
- 2. Organization and People**
- 3. Long Term Sustainable Financial Planning**
- 4. Climate Change—Adaptation and Mitigation Strategies**
- 5. Operations and Maintenance—Infrastructure Development**
- 6. French Language Content**

When submitting your presentation abstract or workshop, you will be required to identify which topic area(s) your presentation best fits.

As always we are looking for a breadth of content to provide all Conference attendees with value. We welcome presentations for organizations new to AM who have successfully taken their first steps and wish to share their experiences, all the way through to organizations who are pushing the boundaries and shaping the future of Asset Management. This includes small organizations and large organizations!

Asset owning organizations will be given priority including communities across Canada, provincial bodies, and national organizations. Consultants and vendors are welcome to apply but it is expected their presentations be joint with one of their clients.

The online submission process requires you to provide the following:

- Session Title
- Session Description (150 words max)
- Speaker Biographies (100 words max)
- Learning Objectives

Workshop Guidelines

The Conference Committee is actively seeking proposals for workshops for the 2021 Conference. These should be interactive sessions to engage CNAM members in hands-on exercises that can cater to around 50-80 people each.
