

CAREER OPPORTUNITY

McElhanney

POSITION TITLE Infrastructure Asset Management Specialist

STATUS Full-time, Permanent

LOCATION Across AB, BC

The Opportunity:

McElhanney has an exciting opportunity for Infrastructure Asset Management Specialists to join our group in supporting the sustainable development of communities. We are seeking AM specialists with experience across the spectrum of asset management activities, including AM plan / policy development, managing inventory and condition assessment projects, and working with organizations to develop long-term capital plans and renewal prioritization strategies. You will be joining a team of sustainability experts, infrastructure engineers and GIS professionals who know how to turn data into actionable insights and deliver real-life projects that improve the places we live.

We are excited by the work we do, and we've earned a reputation for reliability and out-of-the-box thinking. We are keen to pursue opportunities to reach our maximum potential, and our collaborative teams make sure we all have the support we need to get there.

What You'll Be Doing:

- Assisting communities and organizations in creating Asset Management Plans and Policies based on industry best-practices
- Reviewing organizational asset management readiness, conducting current state reviews and gap analyses on asset management programs
- Identifying funding opportunities to support asset management and supporting grant application
- Designing and managing data collection programs regarding asset inventories, performance and condition for asset classes including roads, water (distribution, storm and sanitary), buildings and recreational infrastructure
- Developing long term financial plans and creating maintenance / renewal strategies

What You'll Bring:

- Degree / Diploma in Civil Engineering, Planning, Landscape Architecture, Public Policy, Business or related field
- 5+ years of industrial experience in Infrastructure Asset Management, including a portfolio of Asset Management Plan production, Long Term Financial Plan production and/or Condition Assessment programme coordination
- Knowledge of Canadian and International asset management standards including ISO5500x, GFMAM and IIMM
- Ability to travel within Canada as necessary

- Attention to detail and excellent communication skills (verbal and written)
- Experience with GIS or Asset Management software and/or condition data capture techniques is an asset

What Can We Offer You?

- Flexible work hours to accommodate your busy lifestyle
- Maternity leave top-up and parental leave
- Great benefits, including extended health and dental coverage, healthcare spending account, and RRSP matching
- Employee and Family assistance program, which offers 24/7 support for all employees and their families either online or over the phone
- A workplace culture that is characterized by respect and inclusion for all
- Continuous support for your professional development and growth

About McElhanney

Based in Western Canada for over 110 years, McElhanney offers innovative and practical engineering, surveying, mapping, planning, landscape architecture, and environmental services. As a 100% employee-owned and operated firm, with over 1,000 staff members in 33 locations, we are proud to offer qualified staff with shareholding options in our company. At McElhanney, we work in teams to build strong connections with our staff, clients, and local communities. Our employees enjoy working here because of our varied projects, high levels of autonomy, opportunities for career development, excellent total compensation and benefits package, and collaborating with a team of great professionals.

Our Purpose: Amaze our clients. Care for our communities. Empower our people.

If this is the opportunity for you, apply now or visit www.mcelhanney.com/careers to apply online. We thank all applicants for their interest; however, only shortlisted candidates will be contacted.

Sunny skies, a strong growing economy and no provincial sales tax make Calgary a destination of choice. With the pristine wilderness of Banff National Park less than one hour's drive away, Calgary offers the best of two exciting worlds – from stimulating city life in Canada's newest urban playground to the spectacular scenery and nearby outdoor adventure in the Canadian Rockies, the rolling foothills and expansive prairies. Residents enjoy superb winter sports attractions like skiing and snowboarding which are matched in the summer by golf, hiking, mountain biking, camping and fishing.
